

2025 ACTIVITY REPORT

Celebrating two decades of
transformation and empowerment

About Al-Ayn

Al-Ayn USA is a member of Al-Ayn International, the Global Al-Ayn Federation - an umbrella body with a growing network of members in more than fourteen countries. Our presence across Europe, North America, West Asia, and Africa demonstrates a simple principle: the challenges faced by orphaned children are global, and so must be the response.

At Al-Ayn, our model of care is rooted in research, expertise, and compassion. From monthly financial aid and housing support, to quality healthcare, psychological rehabilitation, and vocational training, every program is designed to address both immediate needs and long-term development.

As part of this coordinated effort, Al-Ayn USA contributes to and strengthens a system that mobilizes resources, raises awareness, and ensures that orphaned children are never forgotten. Together with our international partners, we are building a sustainable model of care that has already transformed tens of thousands of lives.

Marking Two Decades of Service and Transformation

Dear Supporters,

As we reflect on our journey, Al-Ayn USA is proud to share the vision that has guided us and continues to shape our mission: the empowerment and dignity of orphaned children. Our commitment to long-term, sustainable change remains unwavering, and with the support of our generous donors, we continue to expand and evolve to meet the needs of vulnerable children across the world.

From our early days, when we began by providing emergency support, we have steadily grown into an organization that focuses on long-term care, education, medical support, and empowerment for orphaned children. Our journey has not only been about addressing immediate needs but creating lasting, impactful solutions that ensure children have the opportunity to break free from the cycle of poverty and trauma.

As part of our continued commitment to sustainability, Al-Ayn USA strives for self-sufficiency. We are proud to match donations to ensure that every dollar donated to our cause has the greatest possible impact. By leveraging this matching system, we stretch the reach of each dollar, ensuring that our resources are maximized and that every donation goes further in supporting the children we serve.

We are dedicated to ensuring the highest levels of financial transparency. We understand that trust is essential to our work, and we remain committed to accountability in how donations are managed. Funds entrusted to us are used with care and intention, supporting children's education, healthcare, and long-term security. Through responsible planning and efficient use of resources, we strive to maximize impact and ensure contributions are used effectively. Our financial processes are open and clear, reflecting our commitment to integrity and to demonstrating the meaningful difference your support makes.

Compliance is at the core of our work. We understand the responsibility that comes with handling donations, and we continuously refine our processes to ensure that we are adhering to the highest standards of ethical and legal guidelines. Our work is rooted in trust and transparency, and we are committed to upholding the integrity of that trust at every level.

Al-Ayn USA's growth is also a testament to our commitment to expanding our impact within the United States. We are dedicated to building a strong presence across the country to further amplify our efforts in supporting orphaned children. By establishing a more significant footprint in the U.S., we can engage with more supporters and advocate for children who need us now more than ever.

Our beneficiaries, the orphaned children, are at the heart of everything we do. We are committed to treating each child with the dignity they deserve, ensuring that their needs are met with compassion and expertise. Our comprehensive approach, focused on healthcare, education, mental health, and long-term stability, empowers them to heal, grow, and ultimately rise above the hardships they have faced. These children are not simply recipients of aid; they are the leaders of tomorrow, and we are committed to ensuring their potential is nurtured every step of the way.

Looking ahead, the challenges before us remain vast, but so too is our resolve to make a difference. The needs of orphaned children in Iraq, Afghanistan, and beyond are still great, and there is much more work to do. With your continued support, we remain confident that we can make a lasting impact. Our promise is simple: to ensure that every child under our care has the chance to grow up safe, healthy, educated, and full of hope.

On behalf of Al-Ayn Social Care Foundation USA, I extend my sincerest gratitude to all of you who have supported this journey. Your dedication to transforming the lives of orphaned children has been invaluable. As we look to the future, we remain committed to building on the foundation we've established, growing stronger, and achieving even greater transformation.

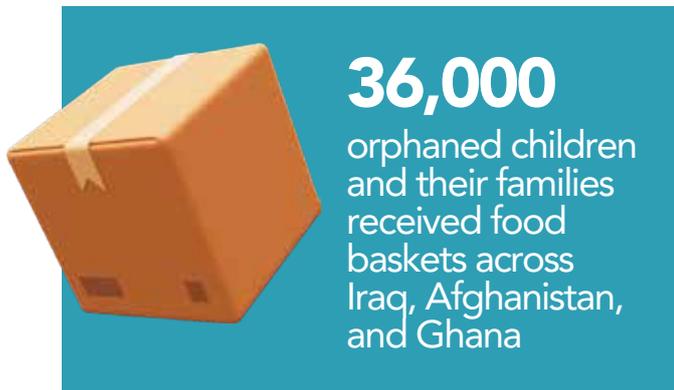

Together, we can change the world, one life at a time.

With heartfelt thanks,

Ali Hassanali
CEO, Al Ayn Social Care Foundation USA

Al-Ayn's Global Impact in 2025

These outcomes reflect the collective efforts of Al-Ayn's international offices, delivering life-changing support to orphaned children and their families, with meaningful contributions from Al-Ayn USA.

Illustrative examples of how donations entrusted to Al-Ayn globally supported vulnerable children and families:

9,253
people provided with emergency medication

114 housing units constructed

5,000
square meters of the Luminous Stars Center built

3,734
surgical procedures carried out

52

Al-Ayn is founded in Iraq, documenting the victims of terrorism and beginning its journey of care.

Al-Ayn's first European branch opens in Sweden, marking the start of a global network of support.

The UK office launches, expanding outreach and donor engagement.

The Norway office opens, strengthening Al-Ayn's presence across Europe.

Offices open in the USA, Germany, Denmark, and the Netherlands, building a truly international presence.

Canada and Australia join the Al-Ayn family, widening global sponsorship opportunities.

Our Journey: Two decades of transformation

Al-Ayn's journey began in 2006 in Iraq, with our earliest work documenting the victims of terrorism and supporting their families. From those first steps, the organization developed into a provider of structured care for orphaned children.

Over time, our work expanded from emergency relief to long-term services that address children's daily needs and future opportunities. In 2018, we opened our first Luminous Stars Center - a major milestone in our growth.

By 2026, with thirteen centers across Iraq and more than 110,000 children registered, Al-Ayn has grown into an international organization, reaching thousands across multiple regions.

→ 2018 → 2021 → 2022 → 2023 → 2024 → 2025

The first Luminous Stars Center opens in Kadhimiyya, Iraq, a flagship project providing holistic care.

Switzerland office opens, and Al-Ayn begins operations in Afghanistan.

Expansion reaches Africa with the launch of programs in Ghana, alongside the opening of an office in Belgium.

The Hikayati Center in Najaf was inaugurated in 2023, marking twenty years since the Iraq war.

Private sponsorships extend beyond Iraq, giving supporters the opportunity to support children across regions.

13 Luminous Stars Centers operational across Iraq; France office opens.

20

Years in numbers

Over the past two decades, Al-Ayn International has demonstrated that when compassion is sustained, it creates transformation that can be measured in lives, not just numbers. As a proud member of this global organization, Al-Ayn USA contributes to a shared mission whose achievements reflect the collective efforts of supporters around the world. Each milestone tells a greater story - child lifted out of poverty, a family finding stability, a community rediscovering hope for the future.

These outcomes are made possible through the combined trust and generosity of Al-Ayn's international network, with Al-Ayn USA playing a vital role in supporting and strengthening this global impact. Together, as one international family, we have built a holistic and enduring model of care that now reaches tens of thousands of children and families across Iraq, Afghanistan, Ghana, and beyond.

How We Steward Your Donations

Transparency and trust are central to our relationship with supporters. We believe donors deserve a clear understanding of how funds are managed and how resources are directed toward meaningful, measurable impact.

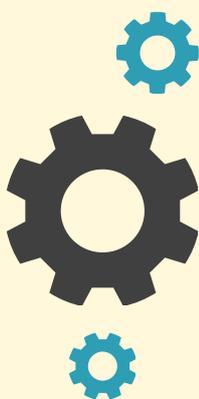

How Funds Are Used

Program Support

Funds raised by Al-Ayn USA are primarily directed toward programs that directly support orphaned children in Iraq, Afghanistan, and Ghana, including education, healthcare, housing, and long-term care.

Administrative Costs

Operating a responsible and compliant nonprofit requires administrative support, including staff, systems, and oversight. Currently, Al-Ayn USA's administrative costs are largely supported through profitable sadaqa jariya projects, direct supporter contributions towards necessary costs, and our sustainability fund which comes from institutional matching and other non-specific donation sources. This structure allows general donations to remain focused primarily on program delivery.

Since its inception, Al-Ayn has received support from the office of Al-Sayyid Al-Sistani. Alongside this, donations received by Al-Ayn help cover the necessary expenditures required to manage funds and deliver services to beneficiaries, in accordance with Al-Ayn's existing Ijaza (authorization) from Al-Sayyid Al-Sistani.

As our organization continues to grow and diversify its support base, we remain committed to maintaining a lean cost structure and ensuring that administrative expenses are managed responsibly and transparently.

Fundraising & Sustainability

Fundraising enables us to sustain and expand our work. We monitor these costs carefully and prioritize efficient, cost-effective approaches that maximize the impact of every dollar raised in service of our mission.

Funding Structure

Our Governance & Oversight

Oversight, Independence, and Financial Accountability

Al-Ayn USA is governed independently by its U.S.-based board and maintains full decision-making authority over its programs, finances, and partnerships.

To ensure donor funds are used strictly for their intended charitable purposes, Al-Ayn USA works closely with its international partners under formal agreements established by Al-Ayn USA. These agreements define permissible uses of funds, reporting expectations, and accountability standards.

We receive regular, detailed reports outlining how transferred funds are allocated across programs and categories. Donations designated for specific purposes are tracked and applied accordingly, ensuring alignment between donor intent and on-the-ground impact.

Al-Ayn USA
Oversight &
Control

Audits & Financial Review

To strengthen accountability and transparency, Al-Ayn USA undergoes an annual independent financial audit conducted by an external auditing firm. These audits provide an objective assessment of our financial practices and controls.

In addition, internal financial reviews are performed at the international level to ensure consistency, transparency, and compliance with applicable nonprofit and anti-money-laundering standards across all operating regions.

Questions
& Answers

Commitment to Ongoing Transparency

Our annual report provides a comprehensive overview of income, expenses, and program impact. These reports are publicly available and reflect our ongoing commitment to openness, responsible stewardship, and continuous improvement.

We are grateful for the trust placed in us and remain committed to earning that trust every year through transparency, independence, and meaningful impact.

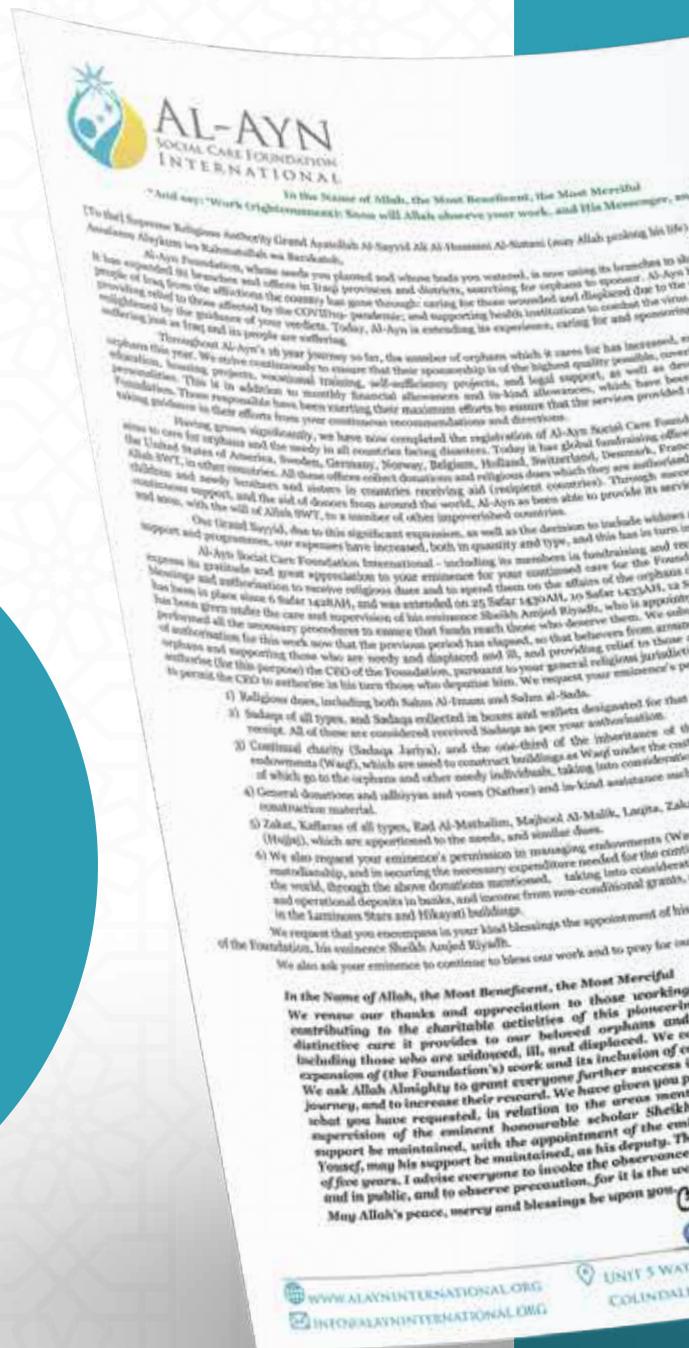

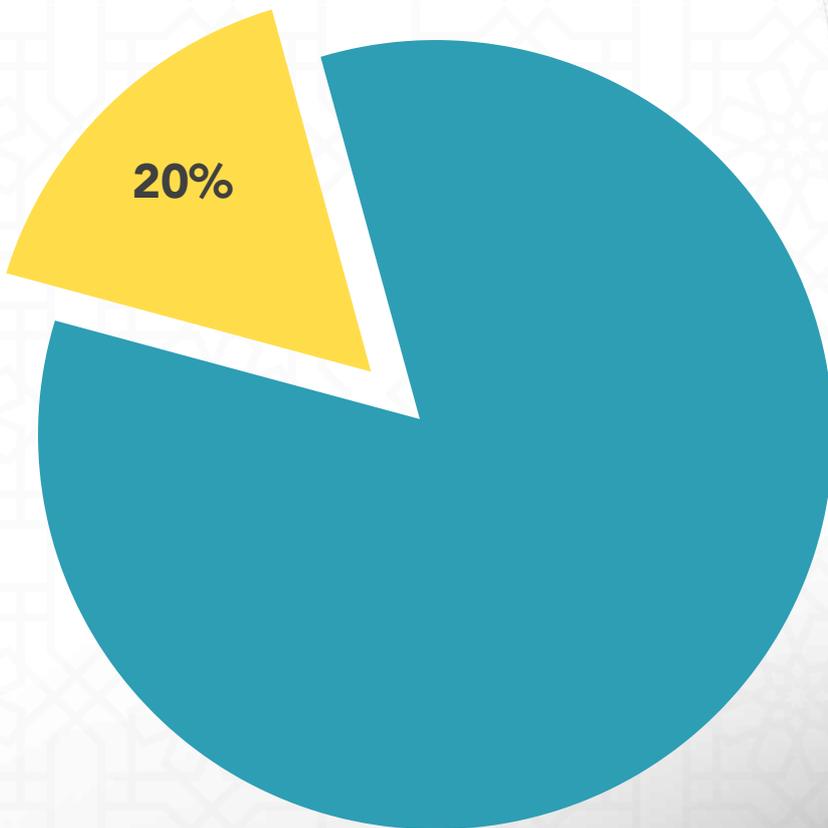

Khums

Khums, which means 'one-fifth' in Arabic, refers to a religious tax levied on specific items according to Islamic law. Khums mainly applies to surplus income derived from various sources, including earnings and gains and serves as an important obligation for Muslims seeking to fulfill their religious duties. In 2025, thousands of supporters around the world were able to fulfill their religious obligations with Al-Ayn, enabling us to expand our work and support even more orphaned children as authorized by Al-Sayyid Al-Sistani.

Khums donations received by Al-Ayn were used to provide essential support to orphaned children. This applies to both Sahm Al-Imam and Sahm Al-Sada donations.

In 2025, Khums donations enabled us to:

- Provide financial allowances to lift children out of poverty
- Cover orphaned children's surgical or medical fees
- Provide housing support to orphaned families
- Provide clothing to orphaned children and their families
- Build or equip health clinics
- Provide school kits to orphaned children
- Provide vocational training courses to orphaned youth
- Build new homes for orphaned families
- Repair homes

Authorization (Ijaza) from Al-Sayyid Al-Sistani

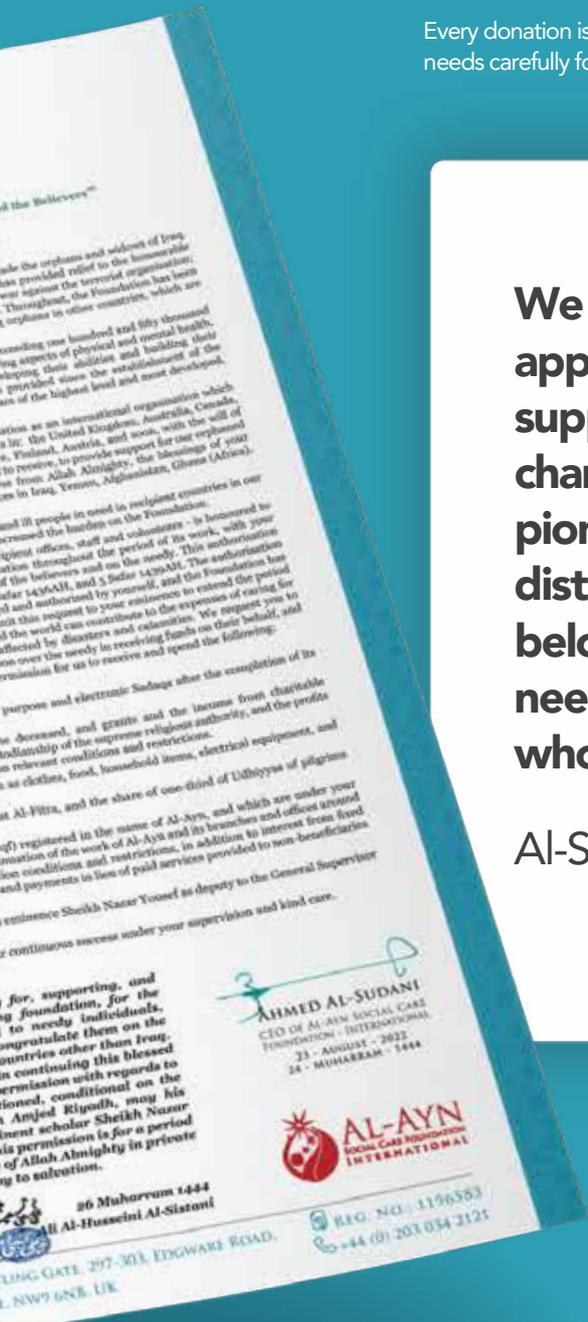

For over two decades, Al-Ayn has worked under the direct guidance of His Eminence Sayyid Ali Al-Sistani, upholding the highest standards of trust and accountability.

This encompasses his authorization (Ijaza) for Al-Ayn to receive religious dues including Khums (both parts), Sadaqa, Zakat, Kaffarah, and Fidyah, in addition to encouraging supporters to donate towards Al-Ayn's various projects.

Every donation is monitored, every penny accounted for, and every child's needs carefully followed up.

We renew our thanks and appreciation to those working for, supporting, and contributing to the charitable activities of this pioneering foundation, for the distinctive care it provides to our beloved orphaned children and to needy individuals, including those who are widowed, ill, and displaced.

Al-Sayyid Al-Sistani | August 2022

Sponsorship Program

A Model of Long-Term Care

At the heart of Al-Ayn's work is our sponsorship program - one of the most comprehensive and far-reaching initiatives of its kind. Unlike short-term interventions, our approach is designed to provide sustained, long-term care, giving orphaned children the security they need to heal, grow, and thrive. Guided by experts in child welfare, we ensure every child's needs are met with professionalism and compassion.

Al-Ayn's sponsorship program was first pioneered in Iraq, where it has become one of the most successful and trusted models of long-term care for orphaned children. Building on this success, the same approach has since been closely replicated in Afghanistan and Ghana, where it is already transforming lives. Each sponsorship guarantees monthly financial aid, entrusted directly to the child's legal guardian. This support allows families to meet essential needs with dignity - from food and clothing to school expenses and healthcare - while ensuring stability and continuity in the child's upbringing.

Support Beyond Sponsorship

For children who are not privately sponsored, Sadaqa donations and other religious dues play a vital role. These funds are channeled directly into programs that lift orphaned children out of poverty, ensuring that no child is left behind. Whether through private sponsorship or collective giving, every contribution becomes part of a life-changing safety net.

Leading in High-Risk Regions

Delivering such comprehensive care in high-risk regions is not without challenges. Yet Al-Ayn has become a trusted leader in this field, reaching children in conflict-affected and impoverished areas. Our sponsorship model is more than financial support - it is a commitment to safeguarding childhood, restoring stability, and building futures in some of the world's most difficult contexts.

A Voice of Hope: Hanaa's Story

"After my father died, I had lost one of my biggest supporters..."

Hanaa, one of the orphaned children under Al-Ayn's care in Iraq, has carried her grief with courage and determination. Through sponsorship, she was given the tools to continue her journey. Today, she is studying at the College of Pharmacy, getting closer every day to achieving her dream of becoming a pharmacist.

For Hanaa, education has been more than learning, it has been a path to endless possibilities. Her story reflects the potential of thousands of children we support, and the power of your kindness to transform loss into opportunity.

Sadaqa Boxes

Lifting Orphaned Children Out of Poverty

One of Al-Ayn's most well-known initiatives is its Sadaqa Box.

With special authorization from Al-Sayyid Al-Sistani, money placed in an Al-Ayn Sadaqa Box is classed as "received charity" (Sadaqa Maqbootha).

This means that the giver receives the spiritual reward of Sadaqa instantly, just as if the donation were handed directly to a person in need or their guardian.

Providing Vital Support to Orphaned Children

Sadaqa donations also allow us to provide vital, life-changing support for orphaned children and their families. Through your contributions, we were able to:

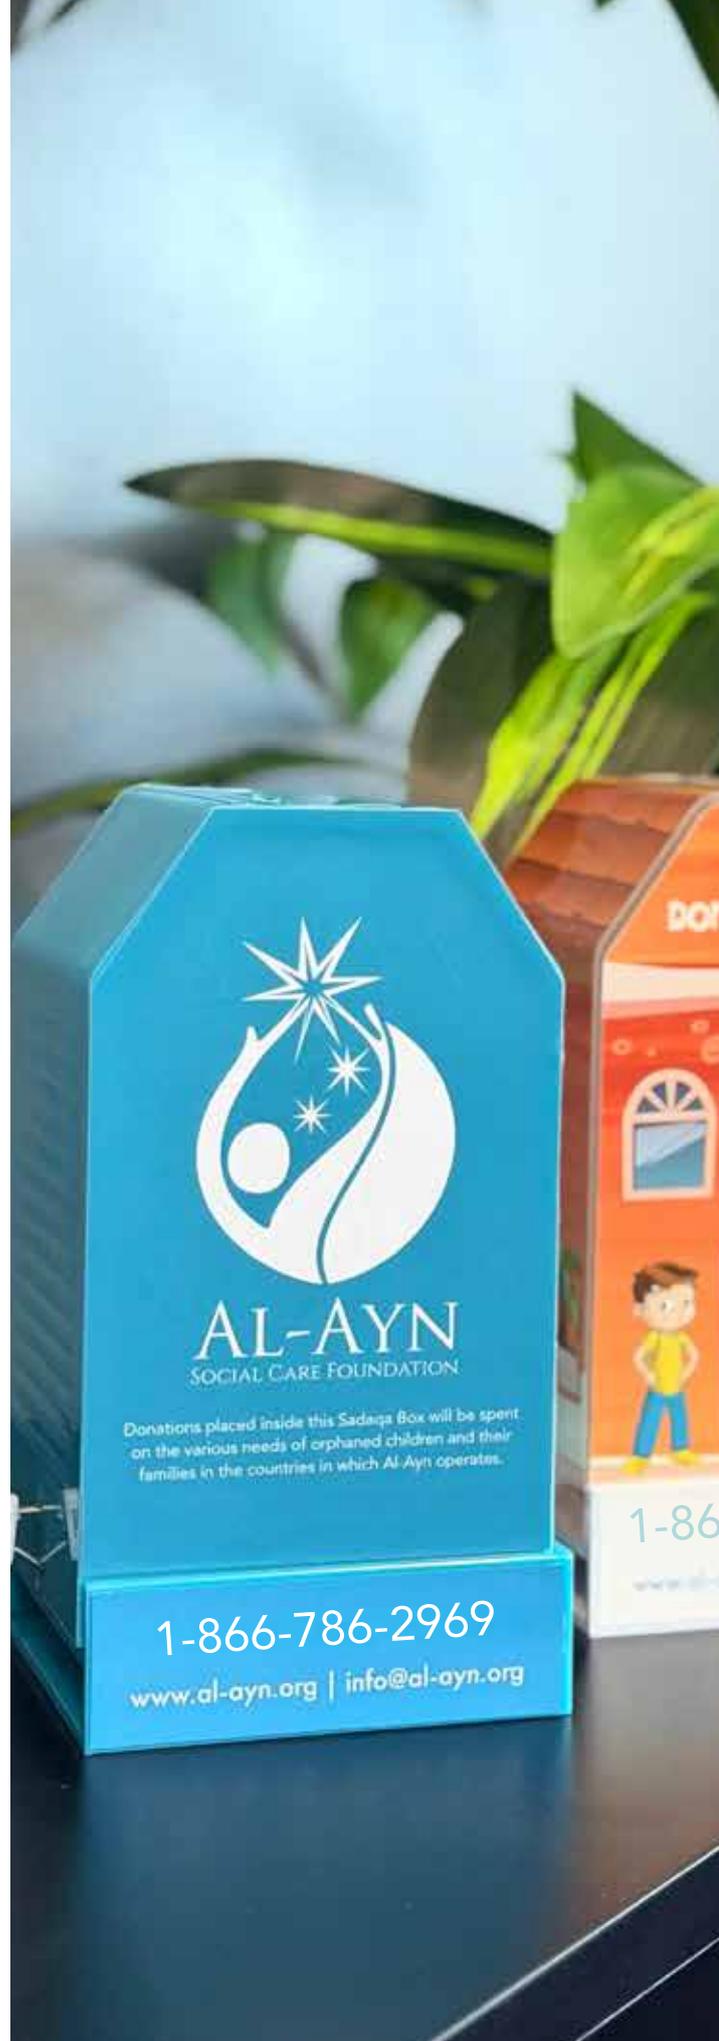

- Meet essential living needs
- Provide monthly financial stipends
- Cover critical medical and surgical expenses
- Offer housing support, including rent assistance and home repairs
- Provide new clothing and shoes throughout the year

Al-Ayn is also dedicated to ensuring that electronic Sadaqa given through our website or app is recognized as Sadaqa Maqbootha (received charity) promptly, allowing supporters to receive the full reward of their giving without delay.

Please see our website for further details.

In 2025, we exchanged over 1 million full Sadaqa Boxes. The donations from these, together with general contributions, helped support around 20,900 orphaned children who are still awaiting private sponsorship.

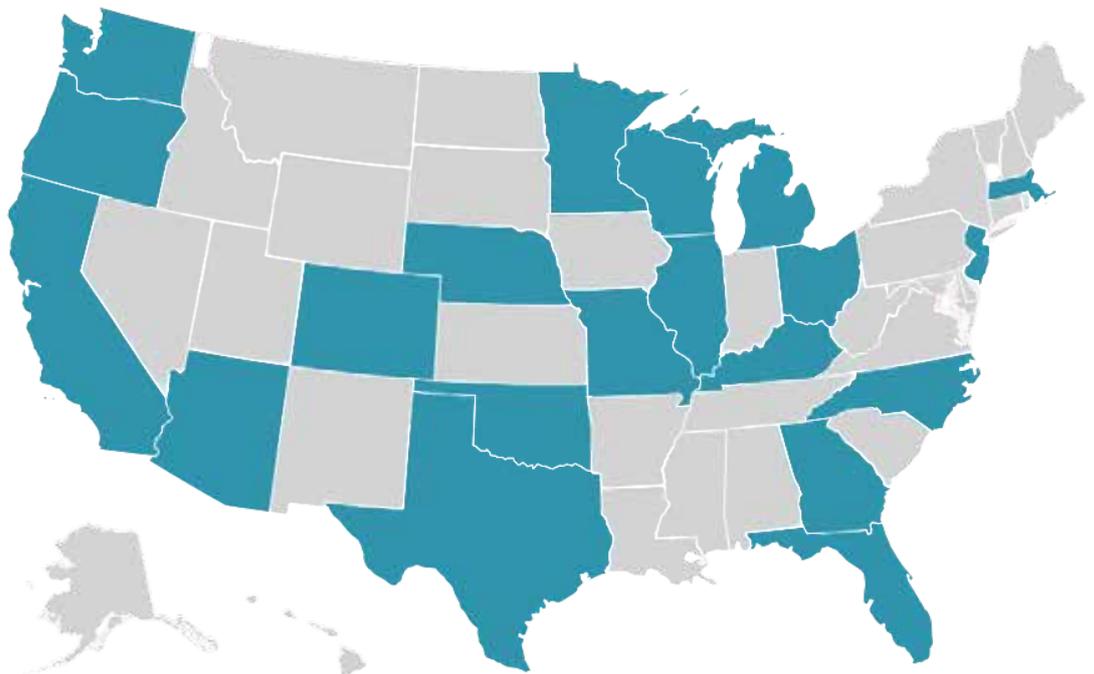

Fundraising with Al-Ayn

Volunteers come to Al-Ayn with a passion for our cause and fundraising has been an impactful experience for them! They use their unique skills or interests and turn it into an opportunity to raise money for a cause that is important to them. Groups of children have held bake sales, youth have run sports tournaments and this past year, one generous couple asked their wedding guests to donate to Al-Ayn in lieu of wedding gifts!

For more information about fundraising scan to visit our website.

Registered Volunteers

Our Registered Al-Ayn volunteers are trained and entrusted to support our donors in states where we don't yet have an office. These representatives can facilitate sponsorships, sadaqa box deliveries and pickups, as well as accept donations. Our map above shows where in the USA our representatives can be found.

Sadaqa Jariya Projects

Luminous Stars Centers

Sadaqa Jariya (ongoing charity) lies at the heart of Al-Ayn's mission to create lasting impact. Over the past twenty years, more than 230 projects have been established across Iraq, transforming derelict land into centers of care, advanced medical facilities, fully equipped housing complexes, and other specialized centers that continue to serve communities every day.

The Hikayati Center provides a safe space for children to access mental health support, mentorship, and cultural enrichment. It plays a vital role in promoting emotional well-being and personal growth among orphaned children and their families.

Medical Complex

📍 Kadhimiyya

Our Medical Complex in Kadhimiyya will provide lifesaving healthcare services to vulnerable children and families. The facility will ensure access to quality medical care, helping improve long-term health outcomes and quality of life for thousands.

Housing Complexes

Our Housing Complexes offer safe homes for orphaned children and their families. Each complex is designed to create stability, community, and hope - empowering families to rebuild their lives with security.

Shajarat Tuba Complex

📍 Karbala

The Shajarat Tuba Complex serves as a comprehensive hub for multidimensional care. It stands as a symbol of compassion and empowerment for children and families across Karbala.

Luminous Stars: A Sanctuary of Care

At the heart of Al-Ayn's work stand the Luminous Stars Centers, vibrant hubs where every strand of a child's care comes together under one roof. Since 2018, thirteen centers have opened across Iraq, each serving thousands of children and their families every year. Constantly evolving to meet the needs of their communities, each center grows with the children it serves. Depending on its stage of development, a center may include:

-  Vocational training workshops
-  Educational support services
-  Financial aid distribution points
-  Seasonal aid distribution halls, and more
-  Free shopping malls for orphaned children
-  Safe recreational spaces for children
-  Specialized psychological rehabilitation programs
-  Fully equipped medical clinics

In 2025, three new centers opened in Babil, Maysan, and Balad.

More than facilities, Luminous Stars Centers are sanctuaries where children can rebuild and begin to thrive again.

Al-Ayn in Afghanistan

In 2021, Al-Ayn began its work in Afghanistan,

a country where decades of conflict, instability, and economic collapse have left families in dire need. More than half of the population lives below the poverty line, and children are disproportionately affected. Orphaned children are often the most vulnerable of all, lacking consistent access to basic essentials. Many families are forced to make impossible choices between survival needs.

Al-Ayn's programs in Kabul and Mazar-i-Sharif were established to respond to these urgent realities. Today, we provide:

- Monthly financial aid to thousands of registered families, covering the basic needs of orphaned children
- Medical care, including access to treatment that would otherwise be unaffordable
- Food packages and nutritional support to combat malnutrition

In 2022, Al-Ayn expanded into Ghana,

where poverty and inequality continue to place immense pressure on children, despite national economic growth. Around one in four children live below the poverty line, and in urban centers like Accra, orphaned children are especially vulnerable to neglect, exploitation, and exclusion from education.

Al-Ayn's work in Ghana focuses on building a foundation of security for these children. Through targeted programs, we deliver:

- Financial support for orphaned children and their guardians
- Access to healthcare and medicine in communities where services are limited
- Education support and child-focused initiatives that keep children learning and safe

Wherever the need is greatest, our mission remains the same: to ensure no child is left behind.

Al-Ayn in Ghana

In 2025, we welcomed 3,577 newly registered orphaned children in Kabul and Mazar-i-Sharif, along with 139 children registered in Ghana - each now connected to vital support and care.

“

For 15 years Al-Ayn never left me.

I was a child when I was registered with Al-Ayn, and I grew up with the foundation step by step - from primary school all the way to university. They stood by me, even helping me with my tuition fees. God willing, I hope one day to become part of the amazing team that helped raise me and filled my life with hope, so I can serve other orphaned children...

A Student in the Department of Medical Laboratory Analysis

Restoring Health, Restoring Hope

Facilitating Access to Quality Healthcare in Iraq

For many orphaned children, the greatest threat is not only poverty but untreated illness and unhealed trauma. Without access to healthcare, even preventable conditions can become life-threatening, and the scars of grief can weigh heavily on young lives.

At the heart of this effort is our dedicated Medical Complex, which ensures children and families with chronic or life-threatening conditions, including cancer, receive continuous care. Where specialized treatment is required, we connect patients with leading medical providers and help shoulder the financial burden, so that no child is left untreated because of cost or circumstance. This holistic approach combines advanced medical expertise with compassion, creating a safety net for those facing the most daunting health challenges.

Enhancing Healthcare Access in Afghanistan and Ghana

Beyond Iraq, Al-Ayn extends a lifeline to orphaned children and widowed mothers in Afghanistan and Ghana, ensuring that when complex illness strikes, help is at hand. The heavy costs of transportation, accommodation, and advanced medical treatment are lifted from families already living in hardship, allowing them to access the care that can change, and even, save lives.

This support has enabled access to life-saving surgeries and long-term treatment for some of the most challenging medical cases, including bone and joint deformities, breast cancer, renal disease, brain tumors, sickle cell disease, hydronephrosis, pneumonia and more. For many, this intervention is the difference between prolonged illness and the possibility of recovery, stability, and a healthier future.

Since 2006, Al-Ayn has responded to this need by providing treatment for over 192,000 medical cases, including more than 2,800 life-changing surgeries - from complex, high-risk operations carried out abroad to vital procedures within Iraq.

In 2025, Al-Ayn facilitated treatment for 9 complex medical cases in Ghana and 58 cases in Afghanistan.

Equally vital is psychological care. Through our specialized rehabilitation services within the Luminous Stars Centers, more than 5,000 children have been supported to overcome trauma, process grief, and begin to rebuild their strength - with over 3,400 continuing treatment today.

At the heart of this effort is the Hikayati Center in Najaf, a dedicated safe space where children can share their stories, receive one-to-one counselling, and participate in activities that nurture self-expression and healing. Here, professional psychologists trained in trauma care guide children gently through their recovery, giving them tools to cope and to grow. Since opening, more than 3,675 children have visited the Hikayati Center.

This support does not stand alone. Our holistic programs - from access to healthcare to continued education and vocational training - also strengthen mental wellbeing. When a child receives medical treatment, attends school with the right resources, or develops new skills for the future, they gain more than physical care or knowledge: they regain stability, security, and a sense of self-worth.

For children who have lost so much, these interventions restore confidence and open pathways to secure futures. For countless families, this is more than healthcare. It is survival. It is the reassurance that their child's life matters, and that they are not alone.

Prioritizing Mental Wellbeing

2025: A Year of Achievement for Three Sisters

These three sisters, orphaned at a young age, continue to turn challenges into milestones of success. In 2025, Ayat proudly graduated with an exceptional grade in English. Miqat advanced to her second year at the College of Pharmacy, while Fatima is preparing to take the next important step in her academic journey.

Their achievements serve as a powerful reminder that with the right support, guidance, and perseverance, orphaned children can rise above every obstacle and move confidently toward a brighter, more promising future.

Local Events and Community Engagement

At Al-Ayn, we regularly organize events and workshops for our communities. Here are just a few of the events we hosted in 2025!

Our Voices for 20 Years

From the children whose lives have been transformed, to the volunteers, staff, and supporters who stand beside them, these voices capture the essence of Al-Ayn's journey. Each one speaks of gratitude and possibility. Together, they form a powerful testament to what twenty years of care and commitment can achieve.

"Since becoming a sponsor of two orphaned children, I feel an indescribable peace of mind and blessing in our home. I pray God keeps this with us always."

A Sponsor living in Iraq

"As a donor, my experience has been smooth, transparent, and incredibly rewarding. Their communication is always clear, the updates are meaningful, and I can genuinely see the impact of every contribution I make."

Mariam, Supporter in USA

"Before I registered with Al-Ayn, I would have to think whether to buy food or buy medicine for my children. Now, I have all the help I need and I'm grateful to God for this blessing he has given us."

Nahilatu, Widowed Mother in Ghana

"When I was orphaned, Al-Ayn took care of me and supported me every step of the way. Now I'm a dentist, and I sponsor children like I once was, making sure their needs are met so they can succeed too."

Hind, Dentist and Sponsor in Iraq

"We have faced many challenges since my husband passed away, but the support from Al-Ayn helps me look after my children so they can enjoy their childhood. Every day I feel at peace."

Abigail, Widowed mother in Ghana

"For nearly four years at Al-Ayn, my greatest reward has been seeing my work impact orphaned children worldwide and drawing inspiration from the passion and generosity of our supporters."

Hayder, Staff Member

"What made me volunteer with Al-Ayn was the saying of the Holy Prophet (saww) about caring for the orphaned. Since joining, my life has changed and has brought me and my family blessings. I treat the orphaned children like they are my own."

Volunteer Doctor in Iraq

"Ever since we registered with Al-Ayn, our Eids have become memorable again. We receive gifts, and we share family moments we hadn't felt in a very long time."

Abdul Mumin,
Orphaned Child in Ghana

"I am a mother of six, and Al-Ayn has been supporting us for over three years. Whenever my children were sick, Al-Ayn was there, even delivering aid to our home. This support has truly changed our lives."

Widowed Mother in Afghanistan

"I have worked with Al-Ayn for almost eight years. My commitment is deeply personal, shaped by witnessing my siblings' challenges after our father's passing; this drives my dedication to serving orphaned children through Al-Ayn."

Helen, Staff Member

"As a mother, my greatest dream is to see all four of my daughters achieve their aspirations. With Al-Ayn's support, I feel hopeful that they can succeed and build the future they dream of."

Widowed Mother in Ghana

"I have worked with Al-Ayn since February 2025. As an orphan since age four, I understand how life-changing compassion is, making this work deeply personal and rooted in giving hope."

Rukhsana, Staff Member

"Nearly six years of meaningful work, knowing I am part of a mission changing orphaned lives worldwide. Every dollar collected empowers orphaned children in Iraq, Ghana, and Afghanistan."

Ahmed, Staff Member

"I was overjoyed when I was accepted to further my education, but my mother and I worried about how we would manage the costs. Then, once again, Allah opened a door and the team in Ghana stepped in to support my studies."

Zeinab, Orphaned Child in Ghana

"Al-Ayn is like my second home. The foundation took care of me for 15 years until I entered university. In the future once I'm qualified, I will join Al-Ayn and serve other orphaned children."

Medical Student in Iraq

"I've been at Al-Ayn for nearly two years now, and serving this mission still feels like a dream realized. What was once called "work" has become something far more meaningful - a quiet blessing woven into my days."

Mahey-Nou, Staff Member

"For the past year, Al-Ayn has supported my family. After my husband passed away, we faced many difficulties, but their help brought us relief. We are truly grateful, and we pray for Al-Ayn always."

Widowed Mother in Afghanistan

"Ten years ago, I was very sick and diagnosed with a malignant tumor. Al-Ayn supported me with medical tests and treatment. Today, I am healthy, working with Al-Ayn as a photographer, and I speak with orphaned children to give them hope for the future."

Photographer at Al-Ayn Iraq

"Since registering with Al-Ayn in 2023, our life has become easier. We receive monthly financial aid and special support throughout the year which has given us stability as a family."

Widowed Mother in Ghana

"After Al-Ayn began supporting me, they helped with my school fees and study costs. Now I don't feel worried or anxious anymore. I always think my father would be proud of me if he were here."

Orphaned Child in Iraq

Our Vision for the Future

The next twenty years will see Al-Ayn strengthen and broaden its reach, responding to the evolving needs of orphaned children and vulnerable families. We anticipate the establishment of new purpose-built facilities and services, the expansion of our sponsorship model into additional regions, and continued investment in education, healthcare, psychological care, housing, and long-term support for communities in need.

Our vision is not only to meet immediate needs, but to embed systems of care that create stability for generations to come. By combining expert-led services with the solidarity of our global supporters, Al-Ayn will continue to lift children out of poverty, empower families, and build stronger communities across continents.

Above all, our commitment remains: no orphaned child or vulnerable family should ever feel forgotten, no matter where they are.

For two decades, Al-Ayn has stood where orphaned children's needs are greatest - rebuilding lives in the aftermath of conflict, poverty, and loss. In that time, more than 200,000 children have received not just aid, but the foundation for a secure future. Yet beyond every achievement lies a greater responsibility.

Across Iraq, Afghanistan, Ghana, and many other regions, countless children are still waiting, for safety, for stability, for the chance to learn, to heal, and to dream again.

The next twenty years will not be written by Al-Ayn alone. They will be shaped by all of us who choose to act: through volunteering, community events, and local initiatives that bring people together in compassion and purpose. Every moment of service contributes to building futures that would otherwise be impossible.

BE PART OF THE STORY.

Together, we can ensure no orphaned child is left behind.
